

# Building Committee Survey - 2009

Meal Group  
3 Oct 09

1. What do you like best about the current space at Prince of Peace that you use for your ministry?

Flexibility. FH suits us just fine. Except for sun intrusion in AM.

2. What is it that makes us feel we need some more space?

We don't.

3. In what way is your ministry limited by our current space?

It isn't, currently.

4. What would make Prince of Peace a more welcoming space?

Visible parking from the street  
Add some "church like" thing in the front yard.

Improved signage.  
Including location

5. How can we improve our church's visibility?

See above. Make it two-story. Publish an improved web site.

6. In what ways could our future ministries be improved by adding or changing our current space?

FH is totally inadequate for > 70 people  
Better kitchen → commercial. Enlarge sanctuary.

7. Where do you feel our/your ministry will be in 5 years?

No clear comment. We expect to be gone in 5 yrs unless we get some younger guys involved.

8. What would make our space more comfortable?

Leather rediners and wide screen TV. See GSLC arrangement for AV + seating. They have a stage.

9. Do you have any ideas for better utilizing the space we have outside our buildings?

Enlarge vegetable garden. (see #4 - parking) A bus.  
Enclose courtyard to make expanded northlex Deal with the antique spring.

10. Would any of your suggestions change if we evaluated them from an environmental perspective?

Diesel or LNG bus (need CDL) 25 pass - C lic.  
725000# - B lic.  
15-16<sup>pass.</sup> van - no special lic.
