

Building Committee Survey - 2009/2010

Jennifer Maloney
Social
Ministry

1. What do you like best about the current space at Prince of Peace that you use for your ministry?

I like that social ministry has space in the entry area; it makes all members aware of activities.

2. What is it that makes us feel we need some more space?

Well, the entry way is very crowded and we have no storage space for project supplies or donations.

3. In what way is your ministry limited by our current space?

I think that we manage to do a lot without space. We might be able to do more direct service with more space.

4. What would make Prince of Peace a more welcoming space?

More space in the narthex.

5. How can we improve our church's visibility?

Better sign out front.

6. In what ways could our future ministries be improved by adding or changing our current space?

~~I am not sure that~~ We could expand what we do. We could invite the community to

7. Where do you feel our/your ministry will be in 5 years?

(join us - we're direct service and community involvement) now.
I think that there will be more rather crowded

8. What would make our space more comfortable?

More space.

9. Do you have any ideas for better utilizing the space we have outside our buildings?

The salsa night was fun but we had limited space + power outside for the activities.

10. Would any of your suggestions change if we evaluated them from an environmental perspective?

I would want any additional space to have multiple purposes.
