

ATTN: Tom K

Building Committee Survey - 2009/2010

1. What do you like best about the current space at Prince of Peace that you use for your ministry?
2. What is it that makes us feel we need some more space?
3. In what way is your ministry limited by our current space?

4. What would make Prince of Peace a more welcoming space?

When the Fellowship Hall wing is extended, it would be a downright shame not to keep the wall facing east toward the parking lot a glass wall, with multiple sliding glass doors.

5. How can we improve our church's visibility?

The exterior space between the wall and the sidewalk should be an inviting and usable patio. A solid masonry wall, even with windows,

6. In what ways could our future ministries be improved by adding or changing our current space?

would be less than inviting - it would be a huge turnoff.

7. Where do you feel our/your ministry will be in 5 years?

Jolly Spacher
3-8-2010

8. What would make our space more comfortable?
9. Do you have any ideas for better utilizing the space we have outside our buildings?
10. Would any of your suggestions change if we evaluated them from an environmental perspective?
